

Spousal/Partner Loss
Delayed Grief Support Group

Bereavement support group for individuals who are grieving two years after the death of a spouse or partner.

When your spouse dies, you are suddenly thrown into a life that has totally changed. It's difficult to navigate alone through the rough waves of grief. Often, we get busy and grief gets put on hold. Months, years later, we feel it more than ever.

This group gives you a safe place... to share your grief and pain and to learn how to heal. If your grief was put on hold and it's now showing up two or more years later, this is the place for you.
